You're An Apple And I'm An Orange

Big Fat Snake

Guitar akkorder

INTRO F#m C#m

```
          F#m               C#m
You’re an apple and I’m an orange
F#m         Hm      F#m
We’re incompatible
          F#m               C#m
You’re an apple and I’m an orange
F#m          Hm     F#m
We’ll never make it

        D              A
And if we try to hold on
         E                  F#m
To the things we used to have
            D               A
Well, we might even walk along
E                     C#7    BREAK
But we can never be one

                 F#m               C#m
‘Cause you’re an apple and I’m an orange
            F#m   Hm   F#m
And that’s life
          F#m               C#m
You’re an apple and I’m an orange
           F#m    Hm   F#m
And that’s it

Hm
You go up, and I go down
E
You’re a square, and I’m a round
     A                              F#m
And nothing’s gonna feel like a glove
Hm
You’re a truck, and I’m a bike
      E
And what you hate, is what I like
 A                            C#7   BREAK
We ain’t got a thing called love
