Fade to black

Metallica

Guitar akkorder

Acustic Intro :

Repeat 5 times

pre-verse melody : Am C G Em
: 4x

1st verse :

Am **C** **G** **Em**

Life it seems will fade away, drifting further every day.

Am **C** **G** **Em**

Getting lost within myself, nothing matters, no one else.

Am **C** **G** **Em**

I have lost the will to live, simply nothing more to give.

Am **C** **G**

There is nothing more for me. Need the end to set__

2d verse :

```
   Am                   C              G                   Em
   Things not what they used to be,     missing one inside of me.
   Am                   C              G                   Em
   Deathly lost, this can't be real,    cannot stand this hell I feel.
   Am                   C              G                   Em
   Emptiness is filling me,             to the point of agony.
   Am                   C              G
   Growing darkness taking dawn,        I was me, but now__

3rd verse :

```
   D5 E5                        D5  E5      G5  F#5          D5
   No one but me                can save myself but it's too late
   D5  E5                       D5    E5       G5  F#5   D5
   Now I can't think,           think why I should even try.

            D5 E5       D5 E5   G5  F#5  D5

            D5 E5       D5 E5   G5  F#5  D5

   D5 E5                        D5  E5      G5  F#5          D5
   Yesterday seems              as though it never existed
   D5  E5                       D5    E5       G5  F#5   D5
   Death greats me warm,        now I will just say goodbye.
