In my life

Johnny Cash

Guitar akkorder

```
G      D      Gm7
There are places I'll remember
       C Cm        G
All my life though some have changed
     G       D       Bm
Some forever not for better
          Cm       G
Some have gone and some remain
          Em                A
All these places have there moments
     Cm                   G
With lovers and friends I still can recall
         Em                A
Some are dead and some are living
   Cm           G
In my life I've loved them all

But of all these friends and lovers
There is no one compares with you
And these memories lose their meaning
When I think of love as something new
Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life I love you more

Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life I love you more

In my life I love you more
