Don't ever take no love for granted - for granted

Reaching tomorrow would be very clever
Who knows what I have in store
But reaching tomorrow could take me forever
When she doesn't care any more

Closing my eyes only makes me see faces
All with the likeness of you
Here's the beginning of my happy ending
Something I want you to do

Get the fuck out of my mind
Try to let me shine without you
Ten steps forward but back nine
Every time I see you
Get the hell out of my dreams

Don't ever take no love for granted - for granted

A G A
So why don't you cry Nelly ?
A G A
Why do you shine Nelly ?
A G
I can't define it Nelly
G F# B
