VERSE 1:

```
 A               B7             E          E
Just around the corner there's heartache--
 A                     B7    E       E
Down the street that losers use--
    A           B7              E          E
If you can wade in through the teardrops,
        A              B7           E      E
You'll find me at the Home of the Blues--
```

VERSE 2:

```
A           B7           E          E
I walk and cry while my heartbeat
       A             B7          E      E
Keeps time with the drag of my shoes--
     A         B7                  E         E
The sun never shines through this window of mine--
      A           B7           E      E
It's dark at the Home of the Blues--
```

BREAK:

```
              A       A                        E          E
Oh, but the place is filled with the sweetest mem'ries--
 B7           B7          E       E
Mem'ries so sweet that I cry--
  A              A          E            E
Dreams that I've had left me  feelin' so bad,
F#7            F#7         F#7           B7    B7
```

I just want to give up and lay down and die--

VERSE 3:

```
 A            B7              E           E
So if you've just lost your sweetheart,
        A                B7           E       E
And it seems there's no good way to choose--
 A              B7          E          E
Come along with me, mis'ry loves company--
        A              B7           E       E
You're welcome at the Home of the Blues--
