C/D xx4454
B7 x65646

INTRO:

```
    G       C       G       D   C

    G                       C
All alone at the end of the evening
    G                           C
and the bright lights have faded to blue.
      G               B7                  Em
I was thinking 'bout a woman who might have loved me,
        D
but I never knew.
G                     D             G                       C
    You know I've always been a dreamer (spend my life runnin' round)
     C          G
and it's so hard to change (can't seem to settle down)
    C               Am     C
but the dreams I've seen lately   keep on turnin' out
    C/D             D               C/D  D
and burnin' out and turnin' out the sa - me.
```

CHORUS:

```
   C           G           C         G
So put me on a highway and show me a sign
    C              D              G
and take it to the limit one more   time.
```

INTERLUDE:

```
G       C       G       D  C

    G                           C
You can spend all your time making money,
       G                           C
Or you can spend all your love making time.
      G           B7        Em
If it all fell to pieces tomorrow
           D
would you still be mine?
G                   D               G              C
```

```
    And when you're looking for your freedom (nobody seems to care)
              G                   C
And you can't find the door (can't find it anywhere)
         C            Am       C              C
when there's nothing to believe in   still you're coming back,
       C/D                  D               C/D  D
you're running back, you're coming back for mo - re.
```

CHORUS:

```
   C           G           C         G
So put me on a highway and show me a sign
    C              D           Em
and take it to the limit one more time.

|:   C         D      C              D
     Take it to the limit, take it to the limit,
C              D           G
take it to the limit one more time.  :|
    (Repeat seven times)
```
