Guitar akkorder

It’s Okay – Nikolaj Steen & Paprika Steen

Capo 2. bånd

```
            G
It’s okay
D        Cadd9
Nothing’s really going your way
D        Cadd9
If you could only make it today
E        Asus4    D
I promise you’ll be happy

It’s alright
Just lay down you weapon tonight
If you could only feel it inside
I promise you’ll be alright

Cadd9        D
You’re not alone so won’t you stay
    Cadd9
If we’re together we can make it through the
D
Day
Cadd7
So don’t give in
G          E    Asus4
You got everything going your way
Cadd9        (D)
It’s okay (It’s okay, it’s okay)

It’s so clear
Everyone can look through your tears
Wonder what you did through these years
If you could only take it

So be strong
It seems you doing everything wrong
Don’t tell me that you knew it all along
Why shouldn’t you be happy

You’re not alone so won’t you stay
If we’re together we can make it through the day
So don’t give in
You got everything going your way
```

It’s okay (it’s okay, it’s okay)

You’re not alone so won’t you stay
If we’re together we can make it through the day
So don’t give in
‘Cause you got everything going your way (going your way)
It’s okay (it’s okay, it’s okay)
