Verse 1:

```
       G                   Bm       Bm7          Em
Why do birds suddenly appear every time you are near
C             Am                  G
Just like me, they long to be.. Close to you
       G                         Bm        Bm7           Em
Why do stars fall down from the sky every time you walk by
C             Am                  G
Just like me, they long to be Close to you
```

Refrain:

```
C
On the day that you were born the angels got together
      Bm                            Em
And decided to create a dream come true
         C                                    Am
So they sprinkled moon dust in your hair of gold
                              D
and starlight in your eyes of blue
```

Verse 2:

```
        G                    Bm          Bm7         Em
That is why all the boys in town follow you all around
C             Am                  G
Just like me, they long to be Close to you
```
