Em                    Gm                         Bm Bsus2 Bm Bsus2
not recognizing the molehills on top of the star
D             D/c#       D/h             D/a       E!
cheerful and swollen he waves from his seat in a Rover

that is his car

Just don't show us how you sweat
D                   Asus4
Making love to your kids

D        Asus4     A        Em         Gm             Asus2  Aadd9
You`re a vanishing image of what - I - thought - I - knew
               F#!
But it goes to show
         Bm! A! E!     Gm
That the man I know
```

Verse: (the same as the first verse)

Is kissing that check that she had lifted up for her fortyfirst birhtday
Love is when someone you trust cuts a smile in your face
Boy had a dog and poor girl had a stroke like an earthquake
Now dog is a bird

Chorus: (the same as first chorus)

But there`s no time to think
Have a pill and a shrink
Just don`t show us how you sweat
Making love to your kids
is the last love that you - will - ev-er - get
You`re a vanishing image of what - I - thought - I - knew

But it goes to show
Bm! A! E!
That the man I know
Bm! A! E!
Has a fading glow
Bm! A! E! Gm
In a white lampshade

Verse B: (Regular chords)

D D/c# Gm Hm
Tell me lampshade the truth did you cover his soul
Gm
Did you protect all the horrible
D/a Bb Gm Hm
I shall tear you apart so that everyone knows
C A D
What he's been carrying around

Tell me lampshade what is it you are trying to hide
Under your stinky old corduroy
I shall rip and be shattered by the shapnell of light
That I`ve been choking on always

There is a dog barking close within the range of my ear
Sounds like wants to escape the chain
He would probably bite me to death if you could
But the chain lets me spit in his face

Like the dog has a chain clinging tight to it`s neck
This man is tied to his secrecy
(a very boosted guitar comes in)
I would like to have killed him off in this last verse
But instead I removed his lampshade
