Over You

Guitar akkorder

```
Jeg er ikke sikker på om tone arten er den rette, men jeg tror da det er
  rigtigt!
men her er det så.

Vers.
E
Now that it's all said and done,
B                           C#m
I can't believe you were the one
            B              A
To build me up and tear me down,

Like an old abandoned house.
E
What you said when you left
B
Just left me cold and out of breath.
C#m        B          F#m
I fell too far, was in way too deep.
                         A        B
Guess I let you get the best of me.

Omkv.
E
Well, I never saw it coming.
E
I should've started running
B
A long, long time ago.
C#m
And I never thought I'd doubt you,
B
I'm better off without you
A
More than you, more than you know.
E
I'm slowly getting closure.
E
I guess it's really over.
B
I'm finally getting better.
C#m
And now I'm picking up the pieces.
B
I'm spending all of these years
A
```

Putting my heart back together.
F#m **A**
'Cause the day I thought I'd never get through,
B
I got over you.

Vers.

E **B**
You took a hammer to these walls,
C#m
Dragged the memories down the hall,
B **A**
Packed your bags and walked away.

There was nothing I could say.
E **B**
And when you slammed the front door shut,
C#m
A lot of others opened up,
B **F#m**
So did my eyes so I could see
A **B**
That you never were the best for me.

Kør vers. igen mens lead guitar spiller solo. evt. solo på pentatonsskalaen i E'dur.
