Guitar tabs/fingerspil

Tuning: Standard

Now if you look at the intro version its that but with the rest of the song on it.

Intro/Chorus:

```
e|-----7-------7-------7-------7-------7-------7-------7-------|
B|---5---5---5---5---5---5---5---5---5---7---5---5---5---5-----|
G|-7-------7-------6-------6-------5-------5-------4-------4---|
D|-----------------------------------------------------------|
A|-----------------------------------------------------------|
E|-----------------------------------------------------------|
```

On the second one you switch the last 7 on the e,
for a five like this:

```
e|-----7-------7-------7-------7-------7-------7-------5-----5-|
B|---5---5---5---5---5---5---5---5---5---7---5---5---5---5-----|
G|-7-------7-------6-------6-------5-------5-------4-------4---|
D|-----------------------------------------------------------|
A|-----------------------------------------------------------|
E|-----------------------------------------------------------|
```

Verse: If you listen to the song,
        you will understand
   Am   E this bit

```
e|--0-----x----|----------|
B|--1-----x----|----------|
G|--2-----1----|----------|
D|--2-----2---2-0---------|
A|--0-----2-------2-0-----|
E|--0-----0-----------0---|
```

Then into the verse before the pre is this

```
      C      G      A#m
e|----3------3-------5--|
B|----3------3-------5--|
G|----5------4-------5--|Then go back to the first part of the the
D|----5------5-------7--|verse on the first verse, if that makes
A|----3------5-------7--|sense.
E|----3------3-------5--|
```

Pre: E

```
e|----0-0-0-0--|
```

```
B|----0-0-0-0--|
B|----0-0-0-0--|
D|----2-2-2-2--|
A|----2-2-2-2--|
E|----0-0-0-0--|
```

After the second chorus, i think?, play this.And play it at the end.

```
e|-----9--12-9----14----12-12-----------9-12---9-----|
B|-----9--12-9----14----12-12-x8-then---9-12---9--x2-|
G|---------------------------------------------------|
D|---------------------------------------------------|
A|---------------------------------------------------|
E|---------------------------------------------------|
```

I thought it was quite hard at first so take it steady, on the intro/chorus i mean.

```
| /  slide up
| \  slide down
| h  hammer-on
| p  pull-off
| ~  vibrato
| +  harmonic
| x  dont play
```
