Perhaps Love

John Denver

Guitar akkorder

```
G                   Bm
Perhaps love is like a resting place
    C                        D
A shelter from the storm
     G                         Am
It exists to give you comfort
     C                 D
It's there to keep you warm
    Em                 Bm
And in those times of trouble
     C              D
When you are most alone
    C         D                                                    G
  Gsus4
The memory of love will bring you home
        G              Bm
Perhaps love is like a window
 C                D
Perhaps an open door
     G                Am
It invites you to come closer
     C                 D
It wants to show you more
    Em                 Bm
And even if you lose yourself
     C              D
And don't know what to do
    C         D                   G
The memory of love will see you through

         Bm              Em
   Oh ! Love to some is like a cloud
      C                D            G
   To some as strong as steel
       Bm            Em
   For some a way of living
       C            D           G
   For some a way to feel
       Bm               Em
   And some say love is holding on
       C                G
   And some say letting go
       Bm                         Em
   And some say love is everything
   C                              D
   Some say they don't know
```

G **Bm**
Perhaps love is like the ocean
C **D**
Full of conflicts, full of pain
G **Bm**
Like a fire when it's cold outside
C D
Thunder when it rains
Em **Bm**
If I should live forever
C **D**
And all my dreams come true
C **D** **G**
My memory of love will be of you
