Unforgivable Sinner

Lene Marlin

Guitar akkorder

```
Em                              C
Kinda lose your sense of time, cause the days don't matter no more
D                               G
All the feelings that you hide, are gonna tear you up inside
     Am            D
You hope she hopes you've tried
    Em                           C
Follows you around all day and you wake up soaking wet.
    D                     G                    Am
For between this world and eternity there is a face you hope to see

               Em                     C
You know where you've sent her, you sure know where you are
           D                      G
You're trying to ease off, but you know you won't get far
            C                  D
And now she's up there, sings like an angel,
              G    D/F#     Em
But you can't hear those words
           C               D             Em
And now she's up there, sings like an angel - Unforgivable sinner

You've been walking around in tears no answers are there to get
You won't ever be the same, someone cries and you're to blame
Struggling with a fight inside, sorrow you'll defeat
The picture you'll see it won't disappear, not unpleasant dreams or her voice
  you hear

You know where you've sent her, you sure know where you are
You're trying to ease off, but you know you won't get far
And now she's up there, sings like an angel,
But you can't hear those words
And now she's up there, sings like an angel - Unforgivable sinner

Am            Em
Maybe one time lost, but now you're found
D                C
Stand right up before you hit the ground
Am            Em
Maybe one time lost, but now you're found
D                C
Stand right up before you hit the ground
