Friends at low places

Garth Brookes

Guitar akkorder

Friends in Low Places - Garth Brooks

These are the words and chords to 'Friends in Low Places'
as best I can remember. If I gestimated wrong, it was not
intentional. :)

INTRO:

```
                                                          {hammer
    A               e dim           b                   E     on}
|---------------|------------0--|-----------------2--|------------2^4--|
|------------2--|---------2-----|------------3-------|---------5-------|
|---------2-----|------3--------|---------4----------|------4----------|
|------2--------|---------------|------4-------------|---2-------------|
|---0-----------|---1-----------|---2----------------|-----------------|
|---------------|---------------|--------------------|-----------------|
```

VERSE:

```
         A
Blame it all on my roots
     e dim
I showed up in boots
     b
And ruined your black tie affair
     E
The last one to know, the last one to show
          A
I was the last one you thought you'd see there

      A
And I saw the surprise
        e dim
And the fear in his eyes
        b
When I took his glass of champagne
E
I toasted you said honey we may be through

But you'll never hear me complain
```

CHORUS:

```
       A
'Cause I got friends in low places

Where the whiskey drowns and the beer chases
   b
```

My blues away
         E
And I'll be okay

A
I'm not big on social graces

I think I'll step on out to the oasis
       b   E
'Cause I've got friends in low places

VERSE:

Well I guess I was wrong
I just don't belong
But hey, I've been there before
Everything's all right, I'll just say goodnight
& I'll show myself to the door

Hey I didn't mean to cause a big scene
Just give me an hour and then
I'll be as high as that ivory tower
That you're livin' in

CHORUS
