```

Listen to the CD for strumming patterns.

Intro: E

Verse 1:

```
E                          C#msus
    I'm not a perfect person

                                       E
There are many things I wish I didn't do

                     C#msus
But I continue learning

                                    Asus4
I never meant to do those things to you

                      Bsus4
and so I have to say before I go

                           Esus4
that I just want you to know
```

Chorus 1:

```
                          C#msus                        Asus4
I've found a reason for me, to change who I used to be

                         Bsus4                     E
a reason to start over new, and the reason is you
```

Verse 2:

```
                      C#msus
I'm sorry that I hurt you

                                    E
It's something I must live with everyday

               C#msus
and all the pain I put you through

                                  Asus4
I wish that I could take it all away

                          Bsus4
and be the one who catches all your tears

                            Esus4
thats why I need you to hear
```

Chorus 2:

```
                          C#msus                        Asus4
I've found a reason for me, to change who I used to be

                        Bsus4                      Dsus2
a reason to start over new, and the reason is you
```

Bridge:

```
               Esus4
and the reason is you

                   Dsus2
and the reason is you

                   Esus4
and the reason is you
```

Verse 3:

```
E                          C#msus
     I'm not a perfect person

                                    Asus4
I never meant to do those things to you
```

```
                                Bsus4
and so I have to say before I go

                             Esus4
that I just want you to know
```

Repeat Chorus 1:

Chorus 3:

```
                          C#msus
I've found a reason to show

                           Asus4
a side of me you didn't know

                           Bsus4
a reason for all that I do

                     E
and the reason is you
```
