Tekst:

The morning light caresses your face on my pillow
You're still asleep and you're so beautiful
I'm so proud that I lie right beside you
My bed and my sheets, you and me, so suitable

You give me the best of you, and I wanna give you the best of me
I know that to two of us together we are meant to be
I adore you, my bodys calling for you
I feel like I've come home when I'm with you

You're so beautiful
I just thought you ought to know
This is original
I never felt like this way before
And now I'm waking up with you
I can't belive that this is true
You're so beautiful

The glow of a candle caresses your face on my pillow
You just fell asleep and you're so beautiful (you're so beautiful)
It feels so good, I cannot belive its real
This silence of the night, you by my side, I got it all (yo I got it all)

You give me the best of you, and I wanna give you the best of me

I know that the two of us together we are meant to be
I adore you, my bodys calling for you
I really, really, really, really love you

You're so beautiful
I just thought you ought to know
This is original
I never felt this way before
And now I'm waking up with you
I can't belive that this is true
You're so beautiful

You're so beautiful
I just thought you ought to know
This is original
I never felt this way before
And now I'm waking up with you
I can't belive that this is true
You're so beautiful

So don't you ever walk away
Never, never.. no, no...
Don't you walk away from me now...
