# Believe again

Brinck

Guitar akkorder

---

**Verse**

```
G
You made it so easy to fall
                      D
I could not stand at all

I saw you beside me
                           G
You never saw me there at all
```

**Verse**

```
G
I promised you all this
                                  D
I made plans thinking this was it

I never imagined I'd find you
              Am
Lose myself instead
   G                          Cadd9
I never had a picture of an end
```

**Chorus**

```
       G                     D
And I... I wanna believe in love
        Cadd9                 Am7
I wanna believe in something bigger
               D
Than the two of us, yeah...
G                D
I... I wanna breathe again
           Cadd9
I wanna go back to the days
    Am7           D
The days I had my innocence
                  G
I wanna believe again
```

**Verse**

```
G
I picked up the pieces
                               D
And put them back where they belong

But something is missing
                                    Am
```

Though I look the same, I'm not as strong
**G** **Cadd9**
But I'm gonna learn to trust again

**Chorus**

**G** **D**
And I... I wanna believe in love
**Cadd9** **Am7**
I wanna believe in something bigger
**D**
Than the two of us (The two of us)
**G** **D**
And I... I wanna breathe again
**Cadd9**
I wanna go back to the days
**Am7** **D**
The days I had my innocence
**Am**
I wanna believe again
**Em**
For without love, what do we become?
**Am** **G** **Cadd9**
I never had a picture of an end

**Chorus**
**G** **D**
And I... I wanna believe in love
**Cadd9** **Am7**
I wanna believe in something bigger
**D**
Than the two of us (The two of us)
**G** **D**
I... I wanna breathe again
**Cadd9**
I wanna believe
**D**
I wanna believe
**G**
I wanna believe again
