Basim

Guitar akkorder

```
C
Scooba-dooba-dap-dap-di-di-die
G
Scooba-dooba-dap-dap-di-di-die
  Am       F
I love you

           C
I met this lady
        G
She was lookin' so damn fine
            Am
But she was crazy
       F
It was all about party time

    C
And lately
  G
I felt like something's wrong
   Am
So flaky and shaky
F
When the sun went down

     C
Yeah Boom, boom, boom when she walked the room
     G
Even girls they whistle
Am
  I know it's hard to get her
F               C
She's a special girl
  G
Oooo

It feels like..
C
Scooba-dooba-dap-dap-di-di-die
G
Scooba-dooba-dap-dap-di-di-die
  Am
I love you
        F
Another cliché baby
```

Like Katy Perry (so sexy)
          G
She could kiss a lovely girl
             Am
Taste likes cherry
    F
Yes she could rock her world

         C
On cloud seven
        G
I never felt like this before
            Am
She took me closer to heaven
F
Oh my god let's go

     C
Yeah Boom, boom, boom when she walked the room
     G
Even girls they whistle
Am
  I know it's hard to get her
