Intro:

Dm Bb E? A7 (x2)

1. Vers:

```
Dm            Bb        E?              A7
Lost inside a dream, if you know what I mean,
     Dm               Bb       E?   A7
I am runnin' round in circles.
Dm         Bb    E?          A7
Misery was here, acted so sincere,
        Dm               Bb             E?     A7
now I'm runnin' round in circles with a friend.
```

Omkvæd:

```
Bb          Gm        Am                          Dm
    I can't find you, where are you barbedwired baby?
Bb          Gm                      F        A        Dm
    are you hidin'? please tell me what's behind the screen,
        F           A      Dm
is it a barbedwired baby's dream?
```

2 Vers:

Sittin' all the time
tryin' to make it rhyme
but I'm stoned for a moment

Diggin' in the moon
with a silver spoon
yes I'm stoned for a moment
with a friend

Omkvæd:

I can't find you
where are you barbedwired baby?
are you hidin'?
please tell me what's behind the screen
is it a barbedwired baby's dream?

Solo:

Dm Bb E? A7 (x2)

```
Bb          Gm         Am                          Dm

Bb          Gm                F          A    Dm

why do I always play the fool?
               F         A         Dm
