Light In Your Heart

Hanne Boel

Guitar akkorder

[Verse 1]
G
You had the model touch, I was your secret fool
C
Through all the wasted words I'd see you cutting through
G
The shades drawn tight across this woman
C
I was lip-syncing rhythm, I had no master plan

[Chorus]
G
There's a light in your heart
C
There's a shadow in the shade of your eyes
G
There's a place we can go after dark
C
In between a truth and a lie

[Post-Chorus]
C **Eb** **Em**
And it's lit by the light in your heart
D/F# **G**
The light in your heart

[Verse 2]
G
You had the coolest hand, I began to shake
C
In and out of doubt, a better world took shape
G
But if I fall sometime at your feet
C
Let me dream in your footsteps, walk in your sleep

[Chorus]
G
There's a light in your heart
C
There's a shadow in the shade of your eyes
G
There's a place we can go after dark
C
In between a truth and a lie

[Post-Chorus]
C Eb Em
And it's lit by the light in your heart
D/F# G
Oh, the light in your heart

[Bridge]
G
I'm no green light for something better
C
Just old news when the dust settles down
G
I'll be no blues, I'll be here for you
C
Keeping my part together

[Chorus]
G
There's a light in your heart
C
There's a shadow in the shade of your eyes
G
There's a place we can go after dark
C
In between a truth and a lie

[Post-Chorus]
C Eb Em
And it's lit by the light in your heart
D/F# G
The light in your heart
