Slipping Through My Fingers

Abba

Guitar akkorder

[Verse 1]

```
G               Gm
Schoolbag in hand
            D           F#m
She leaves home in the early morning
G       Gm
Waving goodbye
        D               F#m
With an absent-minded smile
G           Gm
I watch her go
        D               F#m
With a surge of that well-known sadness
G               A               D
And I have to sit down for a while
```

[Pre-Chorus]

```
    G                A/C#          D       F#
The feeling that I'm losing her forever
    G              A            D        D/F#
And without really entering her world
    G              A/C#           D               Asus4         Dsus4   D
I'm glad whenever I can share her laughter, that funny little girl
```

[Chorus]

```
                       G             D
Slipping through my fingers all the time
          F#m           Em
I try to capture every minute
     G       D
The feeling in it
                     Asus4  A       D
Slipping through my fingers all the time
             G                D
Do I really see what's in her mind
            F#m                  Em
Each time I think I'm close to knowing
      G        D
She keeps on growing
                     Asus4  A      D
Slipping through my fingers all the time
```

[Verse 2]

```
G             Gm
Sleep in our eyes
        D         F#m
Her and me at the breakfast table
G         Gm
  Barely awake
      D                F#m
I let precious time go by
G                Gm
Then when she's gone
             D         F#m
There's that odd melancholy feeling
G               A              D
And a sense of guilt I can't deny
```

[Pre-Chorus]

```
        G             A/C#       D       F#
What happened to the wonderful adventures
        G        A                  D  D/F#
The places I had planned for us to go (slipping through my fingers all the
  time)
G                    A/C#
Well some of that we did
             D
But most we didn't
   Asus4             Dsus4   D
And why I just don't know
```

[Chorus]

```
                      G             D
Slipping through my fingers all the time
          F#m           Em
I try to capture every minute
     G       D
The feeling in it
                     Asus4  A       D
Slipping through my fingers all the time
             G                D
Do I really see what's in her mind
            F#m                 Em
Each time I think I'm close to knowing
      G        D
She keeps on growing
```

```
                      Asus4  A      D
Slipping through my fingers all the time
```

[Verse]

```
G                      A                   D       F#
Sometimes I wish that I could freeze the picture
G                     A                D
And save it from the funny tricks of time
  D/F#                G   A  D
Slipping through my fingers
```

[Solo]

G D F#m Em G D Asus4 A D

G D F#m Em G D   Asus4   D
Slipping through my fingers all the time

[Outro]

```
G             Gm
Schoolbag in hand
            D          F#m
She leaves home in the early morning
G       Gm               D            F#m
Waving goodbye with an absent-minded smile
```
